DENZA B5

Modern design, Advanced technology
and powerful performance.

Confidence that moves with you, every step of the way

- Mode | Sport
- Mode | Mud
- Mode | Mountain
- Mode | Intelligent U-Turn
- Mode | Rage
- Mode | Crawl
- Mode | Custom
- Mode | Sand
- Mode | Rock

Effective across every terrain

Drive System

Smart electric four-wheel drive

Suspension System

*Dual-link suspension (front and rear); Smart hydraulic suspension system - **DiSus-P**

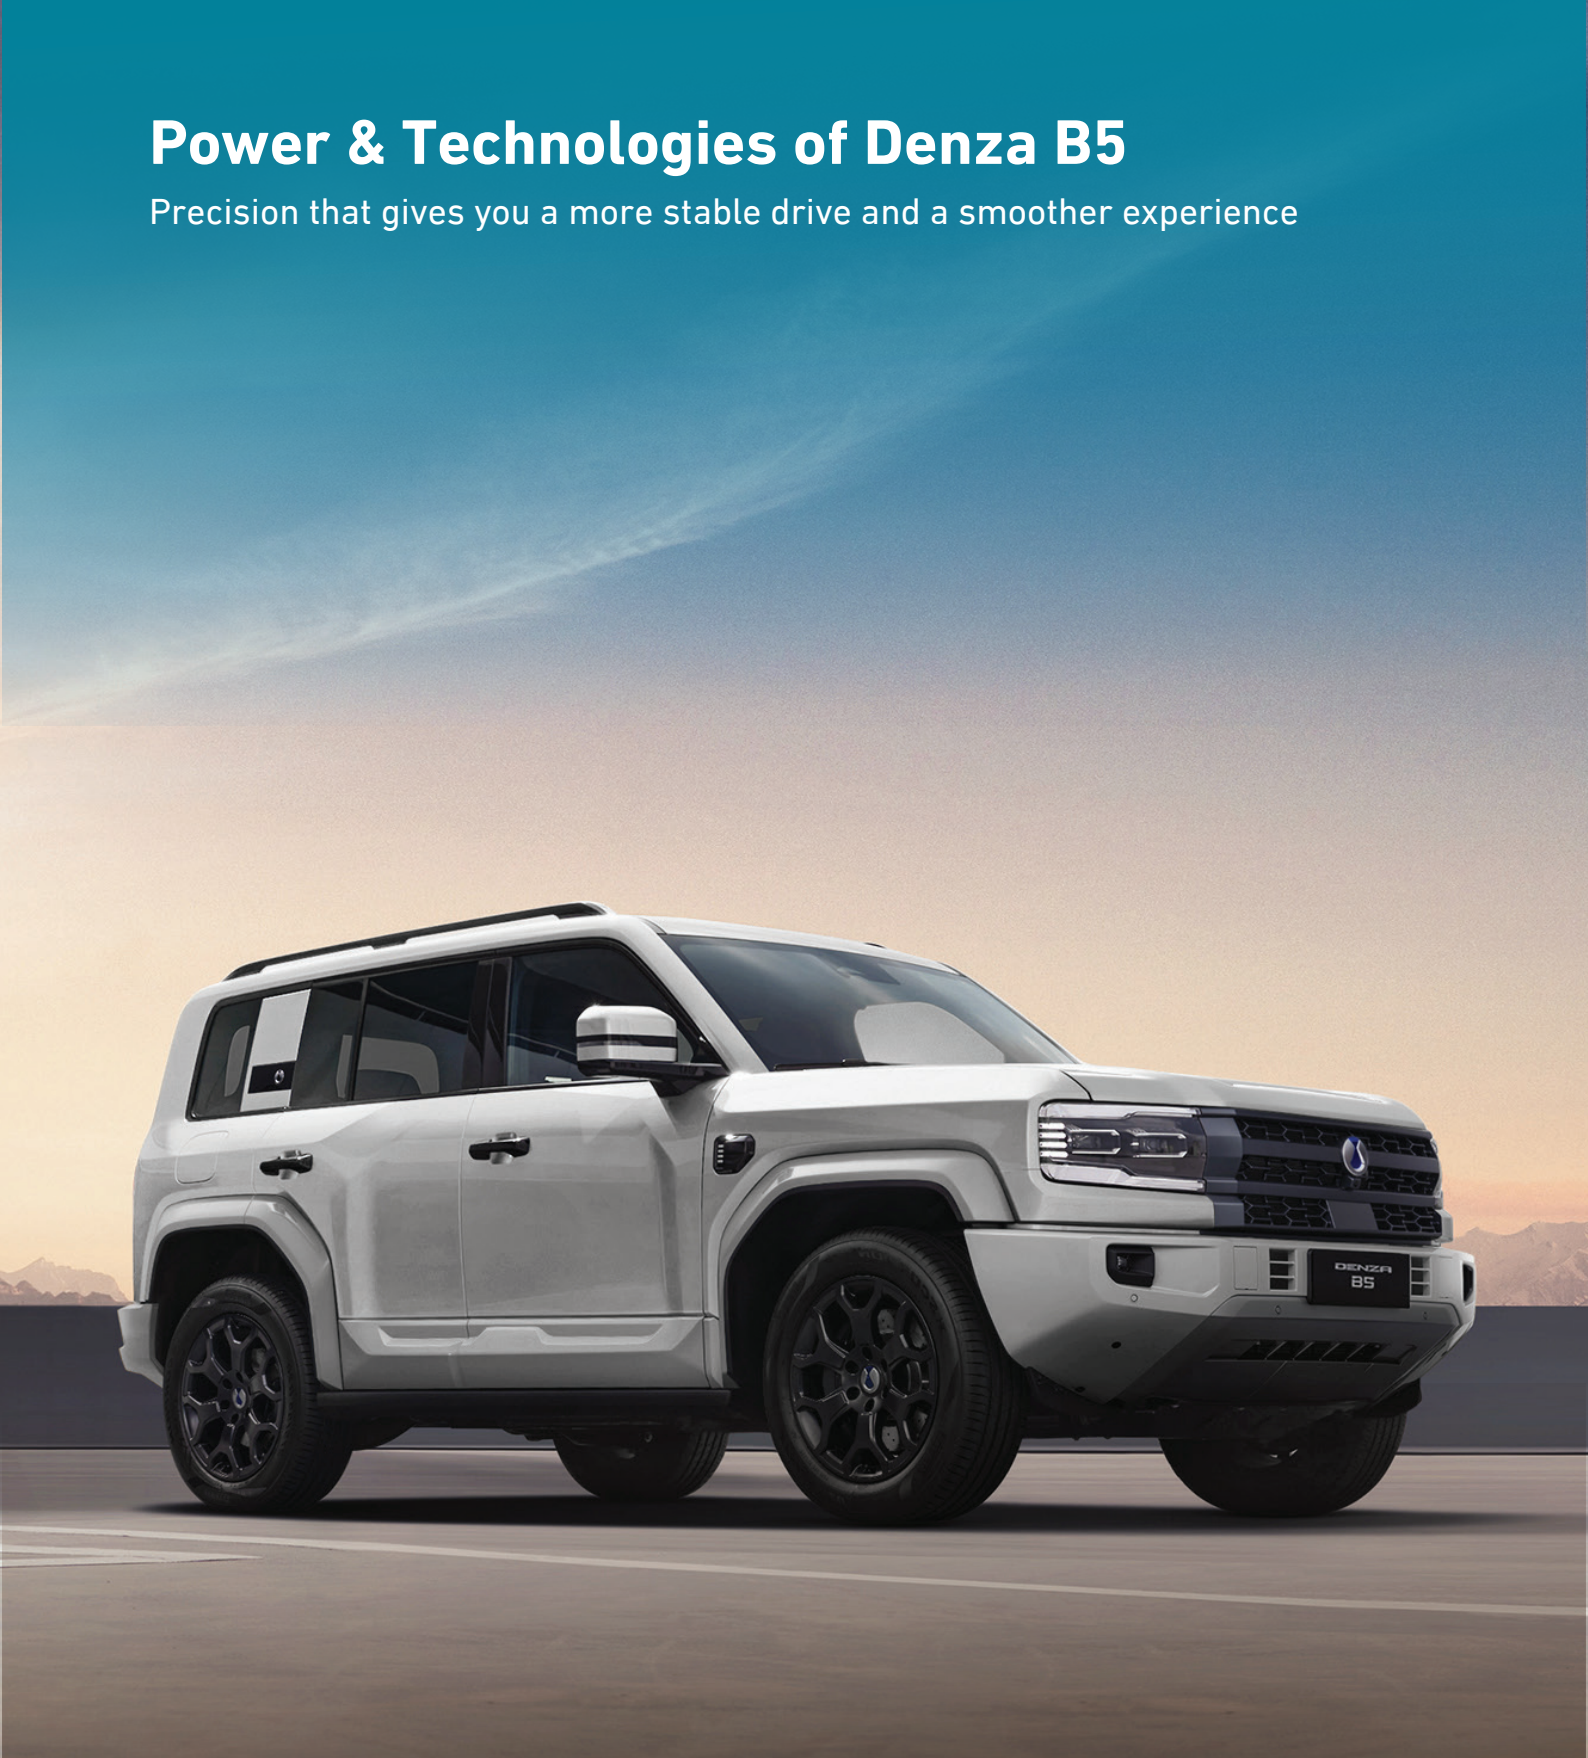

*Available on select models only

Platform

A high-performance dual hybrid platform (DMO) built for off-road driving

Power & Technologies of Denza B5

Precision that gives you a more stable drive and a smoother experience

Total range:
780 km
(WLTC)

Acceleration
(0–100 km/h)
4.8 seconds

Total power:
687 hp
Total torque:
760 N·m

Electric-only range:
80 km
(WLTC)

Battery capacity:
31.8 kWh
BLADE LFP

Fuel engine:
1.5L Turbo
145 kW (194 hp)

Details that make the difference

Charging Features

AC Charging:
11 kW

DC Fast Charging:
100 kW

Additional Features

Advanced sound system by DEVIALET

Built-in in-car storage compartment with cooling and heating

Adjustable armrest and height-adjustable gear shifter

Fast wireless charging pad
50W

Distinctive crystal buttons that enhance the driving atmosphere off-road

Intelligent Driving Assistance

A driving experience with greater safety and confidence

A driving experience with greater safety and confidence

The Denza B5's advanced driver-assistance systems support a safer, more confident driving experience through sensors, cameras, and radars that monitor the road and surrounding traffic. ADAS features such as lane-keeping assist, active adaptive driving, and active alerts help enhance awareness and reduce driver effort while the driver always remains firmly in control.

Safety Features

Smart systems and innovative visual solutions for a safer, more confident drive

Smart obstacle avoidance with faster braking and a shorter stopping distance, enhancing safety and peace of mind while driving.

14 airbags for comprehensive, all-round protection for every passenger.

Infrared night vision, with a range of up to 300 meters, detects people and animals in advance to enhance the safety of both the driver and pedestrians.

Highlights

- Front Collision Warning system
- Rear Collision Warning system
- Lane Change Assist
- Traffic Jam Assist

Precision design, effortless control

A new vision for driver comfort

The center console is designed for direct, intuitive control, with carefully crafted switches and buttons that convey durability and ease of use. Every function is arranged for quick access, letting the driver adjust essential settings without any distraction while driving.

Inspired by a cockpit layout, this design pairs precise controls with refined, elegant finishing touches — creating a driving environment defined by focus, ease, and complete confidence in control.

Bold colors, limitless possibilities

A presence that reflects your personality on every journey
